

Disposable Hang Tag

Securely houses sensor for enhanced security

Ratcheting design to reduce opportunity for removal

Disposable hang tags securely house RF or AM sensors, without the cost or labor inputs of other security devices. Simply apply the hang tag at source or in-store, confidently merchandise, and sell without any need to detach. Customers can remove to access purchased merchandise once at home.

KEY FEATURES:

- Easily applied across a wide variety of products, with a consistent design fitting most wide hang holes
- Securely houses sensor & acts as a visible theft deterrent
- Enhanced visibility of security measures on merchandise
- Reduced labor & complexity by design to stay on-product and be removed at home after purchase
- Custom color and print capabilities
- Made in USA

SUGGESTED APPLICATIONS:

Jewelry, Electronics, Health, Beauty, Cosmetics, and a wide array of other consumer products
