

# JewelLok™

Superior security to dramatically reduce shrink. It's the only solution on the market that attaches directly to the jewelry, protecting the merchandise, not the packaging.

- All solutions are easily removed by an Alpha HandKey™ or XT Detacher
- Fits on existing peg hook or spinner racks
- Offers strong benefit denial protection
- Low profile creates minimal impact to amount of merchandise displayed

## JewelLok for Loose Jewelry

Hardened steel hook is coated in plastic to prevent scratches on jewelry. It cannot be cut with scissors or nail clippers.

RF or AM EAS coil inside small, cylindrical tag

The smallest and lightest EAS tag available in the industry. Perfect for necklaces, bracelets and other loose jewelry.

## JewelLok for Stud Earrings

Easily attaches to earring posts. Pins provide "parking spot" for earring backs.

Not visible from the front of the jewelry card

## JewelLok for Hoop Earrings

Unobtrusive, lightweight, clear plastic

Locks on posts. May be used on either left or right earring.

Not visible from the front of the jewelry card

## JewelLok for French Wire Earrings

Attaches directly to earring wires

show. secure. sell.

Alpha's single key solution to control high-theft
