

# Hygiene Protective Screen System - Portrait, Landscape, Hanging

Checkpoint's Hygiene Protective Screens are made of high-quality transparent plexiglass panes (PMMA) perfect for retail stores, restaurants, reception areas, and many other applications. The screens protect employees, customers, and visitors from direct exposure and contact during interactions.

The screens can be set up as single panes, modular systems (which allows expansion of panes), and hanging versions. This allows for flexibility to fit your needs.

**KEY FEATURES:**

- Tool-free assembly
- Flexible system of free standing, modular, or hanging panes
- Snap-lock feet – firm and stable, included with single & modular versions
- Extensions available separately, with pivoting clips for any counter shape
- Custom quantity kitting available
- Easily cleaned with anti-bacterial wipes or sprays
- Internally manufactured
