

3G Mini Hard Tag

Checkpoint's reusable RF Hard Tags protect a wide range of merchandise from apparel to other accessories. The 3G Mini Hard Tag is designed for securing retail and apparel merchandise. With increased durability, the design positions the bottom half of the tag into the top half of the tag creating a 'glove like" fit and overall improved aesthetics. Including a high signal amplitude and stronger lock pull strength, the 3G Mini Tag is a high performance tag.

FEATURES & BENEFITS

- RF Hard Tag designed for retail and apparel merchandise
- Embossed Checkpoint logo differentiates from the competition
- Increased signal strength allows the tag to be more detectable in RF systems
- More durable design with increased crush and lock pull resistance
- 8.2 MHz reusable Hard Tag
- Unlocks using Standard or Super Detacher
